“TEN-Piece Dissection for Martin”

Gathering for Gardner 10

March 28 - April 1, 2012

Atlanta, Georgia

Logo by Scott Kim

Cut out these two identical 5-piece dissections of a square, and use the TEN pieces to cover the G4G-10 square above.

Based on a puzzle from <http://nrich.maths.org/>, where you will find 5 known solutions.

Chinese category: “yizhi ban” (intelligence-enhancing pieces).
